Metal Work

Wood Work

Obsolete Part Manufacturing

Repair (Mechanical Issue)

Engraving

Other

Do you authorize us to conduct a diagnostic clean on your firearm in order to inspect all internal parts? This process includes: complete disassembly, clean all parts, examine for wear / potential breakage; quote replacement parts if necessary to put gun in A-1 condition.

A DCOA (diagnostic clean) will allow us to estimate any mechanical work that needs to be done. We will notify you of any worn-out parts that need to be replaced. In order to limit the risk of marring new finish, we recommend all functional issues and all worn out parts to be addressed / replaced prior to refinishing the firearm.

**Brubaker Arms Manufacturing, LLC – Restorations Department**  
[www.brubakerrestorations.com](http://www.brubakerrestorations.com)

(Handguns and long guns usually take 2 hours, double guns take 4 hours; extra dirty firearms may take up to 1-2 hours longer.)

- Yes, please do a DCOA on my firearm - charged at \$60 / hour.
- Quote only; I understand that without a DCOA, this estimate will not include the hidden faults noticeable only after disassembling and cleaning the firearm.

List what you shipped out to us (select all that apply). For restorations we will request the entire firearm:

Complete Firearm     Obsolete parts to Replicate     Ammo     Other – please explain

Please confirm that the ammo you have provided is not reloaded. Reloaded ammo will NOT be accepted, except for obsolete calibers.

Obsolete Reloaded     Obsolete Old Factory     Factory     Other – please explain

---

Please provide the tracking number you received when shipping the project:

*(if you do not have the tracking number at the time this firearm is shipped, you may choose to send us an e-mail with the tracking number after shipping, so we may track your parcel at our end.)*
